

AKANSHU SHRIVASTAVA

B. Tech (Computer Science)

Gurukul Institute of Engineering & Technology, Kota

E-Mail: akanshushrivastava99@gmail.com

☎ : +91 8209056719

Profile Summary :-

- Driven B. Tech Fresher (CSE), with a solid background in frontend development, skilled at crafting engaging user & optimizing web performance, having proven experience in JAVA, eager to contribute to full stack projects and deliver high quality software solutions.
- Seeking a challenging position to utilize my skills & drive organizational success through continuous growth & adaption.

Internships & Courses :

- SRV IT Solutions (July 2023 – September 2023)**
Completed Core Java course & built object-oriented Java Programme.
- Vital Skills (July 2024 – August 2024) -**
 - Gained exposure to new technologies to streamline processes.
 - Developed code for web applications.
- TuteDude (March 2024 – August 2024) –**
Completed structured HTML, CSS, JavaScript training & built responsive, dynamic interfaces.

Skill Summary:

Technical Experience -

- Java: Developed and tested console-based applications applying core Java concepts, including classes, inheritance, and exception handling.
- HTML & CSS: Designed and styled responsive web pages as part of academic and personal projects, focusing on clean layouts and user-friendly interfaces.
- DBMS: Gained experience with relational database concepts; wrote SQL queries to create, retrieve, and manipulate data.
- Object-Oriented Programming (OOP): Applied OOP principles to structure code effectively, improving reusability and maintainability.
- Data Structures and Algorithms: Implemented basic data structures (arrays, linked lists, stacks) and fundamental algorithms for problem-solving and optimization tasks.

Projects:

- Food Website ([Link](#)) → Designed and developed a responsive food website for a restaurant, ensuring seamless navigation, engaging visuals, and optimized performance.
- Portfolio Website ([Link](#)) → Developed and designed a sleek, aesthetic portfolio website to showcase my technical skills, projects, and achievements.
